Career Objective

Master Certified Automation Anywhere Developer with 5+ years of experience in RPA tools including Automation Anywhere (A360 & V11), Assist Edge, Python, and VBA. Proficient in designing scalable automation solutions, integrating APIs, and enhancing enterprise workflows. Seeking to bring my technical expertise and innovation to TCS's automation initiatives and contribute to impactful digital transformation projects.

◆ Application Development Analyst - Accenture

Jan 2023 - Apr 2025

Client: Deutsche Telekom AG

Worked on 5 Automation Anywhere projects involving:
